

## Users Guide for Download/Upload huge file FTP LINK

The following instruction will show you how to use IPLINK's FTP Link Assistance system, which might help download/upload huge file.

### STEP 1: Click "Download"

The screenshot shows the IPLINK website homepage. The browser's address bar displays <http://www.iplink.com.tw/>. The navigation menu includes Home, Products, What News, **Download**, Company Profile, and Contact Us. A red circle highlights the 'Download' link, with a red arrow pointing to it. Below the navigation bar is a large banner featuring two wireless routers (one black, one white) with the text "Click into Download". Underneath the banner is a "New Products" section displaying five product thumbnails with their respective model numbers: IP-WDL-RT2T2R, IP-PWE-GIGA, IP-WPWE-200M, IP-WPWE-200MAP, and IP-WUMD-35G-HSDPA. At the bottom of the page, there are sections for "Company Profile" and "Our Products". The "Company Profile" section describes IPLINK Technology Corp. as a professional Wireless Networking & PC peripheral manufacturer. The "Our Products" section shows two product images: IP-WDL-RT1T1R-SET and IP-WRT-RLN1T1R2T2R-INAT. The browser's status bar at the bottom shows various system icons and the time 5:05 PM.

Step2: As follow image

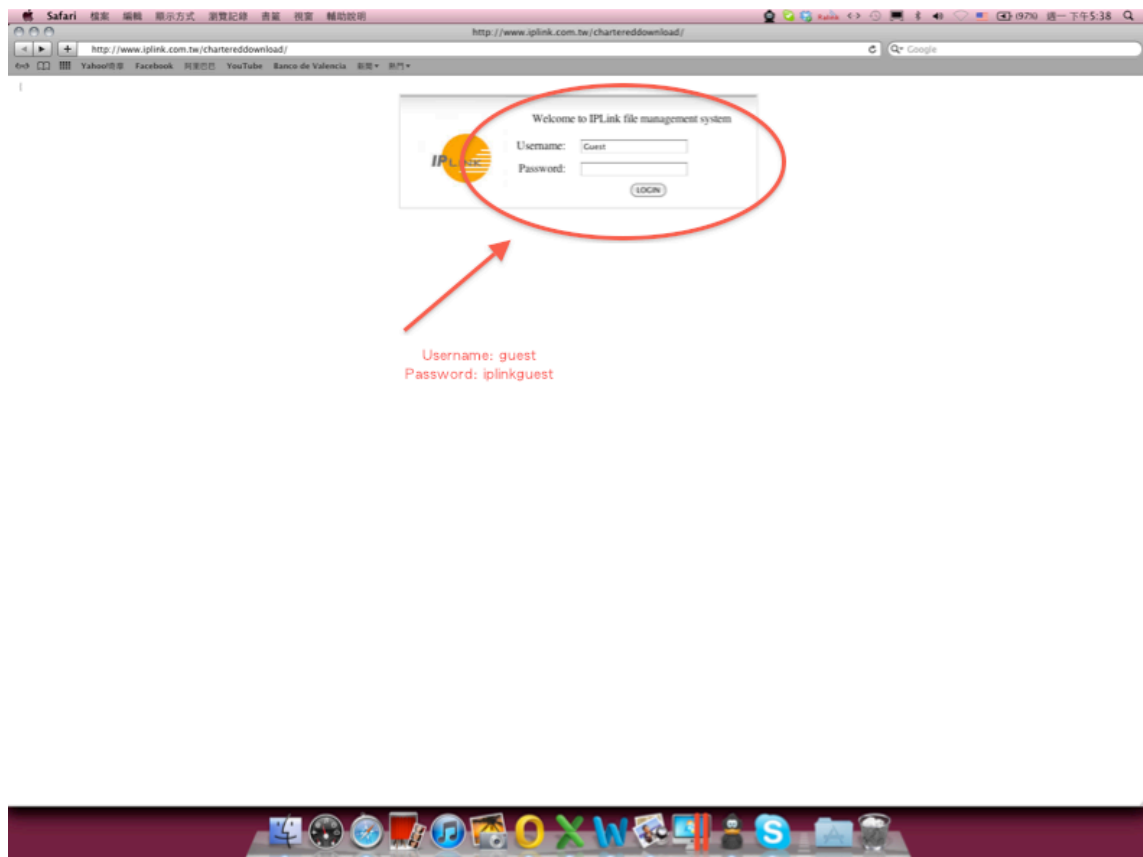

The screenshot shows the IPLINK website's download page. The browser address bar indicates the URL is <http://www.iplink.com.tw/download.htm>. The page features a navigation menu with links for Home, Products, What News, Download, Company Profile, and Contact Us. A 'Download' section is highlighted, and a 'Download Navigation' sidebar is visible. The main content area displays a table of download links, with a red circle highlighting a 'Chartered Download locations...' link. A red arrow points to this link from the 'MANUAL' category.
